

FEES

You have two choices here at Kansas City Direct Primary Care:

Pay as You Go: great for those wanting to be seen once or twice a year without the commitment of our direct primary care membership. You pay only when you interact with us!

Direct Primary Care Member: for those wanting unlimited visits for a flat monthly fee and unparalleled access to their doctor.

By not billing insurance companies, we are able to both save you money and provide fair, transparent pricing. Please email (info@kansascitydirectprimarycare.com) or call us (913-730-0331) if you have any questions about our pricing or services.

Many other labs are available; please call for pricing. Though we try to keep these prices current and up to date, pricing may change – please feel free to call with any specific lab pricing questions! Additionally, we can coordinate billing through insurance, if you prefer, though that usually requires collection at an outside facility.

*We use Quest diagnostics as our preferred vendor

Labs Done In-House:

Collection Fee	\$10.00	\$0.00
Strep Test	\$15.00	\$15.00
<i>If the result is negative, the swab is sent for culture. See "Culture" under "Labs Sent to Outside Facility" section for pricing.</i>		
Flu Test	\$30.00	\$30.00 (Available seasonally)
Mono Test	\$15.00	\$15.00
Pregnancy Test	\$10.00	\$10.00
Urine Testing (Dipstick Urinalysis)	\$15.00	\$15.00
Colon Cancer Screen - iFIT	\$15.00	\$15.00

Radiology:

All radiology is done through local, independent clinics (we couldn't keep our prices as low as they are and have an X-ray machine!). The pricing varies depending on the exam ordered, but our pricing is usually about 10-20% of the usual cost for services. Pricing for any exam will be discussed when it is ordered.

We can submit your insurance with our order, but why would you want us to do that when we've got such great prices for you?

The cost of each of these medicines, vaccines, injections and/or studies is charged in addition to the visit fee.
